NNCP.ORG

Empowering Communities & Strengthening Democracy

Our mission is to increase civic engagement among the state's most underserved and historically marginalized communities by meeting them where they are year-round and addressing what matters most - safety, housing, the economy and education. We do this through culturally competent programming, active listening and direct participation in the civic process.

We envision a North Carolina where lifelong voters are nurtured to help shape a fair and equitable democracy that is truly reflective of our state.

OUR 4 KEY PILLARS

PUBLIC SAFETY

Promoting Solutions to Achieve Justice in Community & Governance

HOUSING SECURITY

Cultivating Sustainable Housing and Breaking Environmental & Energy Barriers

ECONOMIC MOBILITY

Establishing Equity & Generational Wealth Building

CIVIC EDUCATION

Connecting Communities to the Power of Their Vote Through Civic Education
